COUNTY NEWS IN REVIEW

Dope Leniency—

San Mateo county superior courts were roundly criticized last week for an alleged laxity in dealing with narcotics cases, when Judge Twain Michelson of San Francisco took the floor at the First Methodist church in Redwood City.

In a straight-from-the-shoulder, hour-long discourse on "The Growing Menace of the Narcotic Racket," in which he named public officials in both San Mateo and San Francisco counties, and cited the unfortunate case of one youth who claimed he learned to smoke marihuana cigarets while a student at Palo Alto high school, the vigorous San Franciscan scored the granting of probation or suspended sentences to persons with criminal records convicted of narcotics law violations.

Michelson urged the public to defeat at the polls all public officials "who countenance the drug traffic."

Storm in $$$—

San Mateo county today picked itself up out of the debris left by last week's 75-mile-an-hour gale and started counting damages which may pass the $100,000 mark.

Cost of clearing slides from five county roads was estimated at $10,000, while no figures were yet available on the cost of clearing gigantic slides which closed the Bayshore and Coast highways during the storm.

Agricultural Commissioner Max J. Leonard made provisional estimates of crop losses as high as $25,000. Inundated artichoke fields near Pescadero, eroded pea fields on the hillside, and between 300 and 400 acres of oats and vetch in the lowlands between El Camino Real and Bayshore highway

Warn Of Rabies Outbreak

Another outbreak of rabies in San Mateo county today led local and county health authorities to proclaim a county-wide emergency quarantine measure on all cats and dogs for the period of February 29 to May 28.

During the quarantine period, all animals must be kept confined or taken in public only on a leash. Any dog or cat found roaming the streets at large will be picked up immediately.

Local Health Officer Fred Collins pointed out that Daly City already has an ordinance prohibiting dogs or cats from being at large without an official vaccination tag. Dog and cat owners violating this ordinance are liable to a $300 fine and a jail sentence of three months.

Collins warned that this regulation will be rigidly enforced during the quarantine period.

The quarantine order sent out from the office of Dr. Charles C. Gans, county health director, specifies that "persons over the age of 15 years shall be permitted to take their dogs and cats on the public streets . . . when such animals are controlled by a suitable leash not over six feet in length and when so controlled may also take them . . . in automobiles . . . but not in any bus or other public conveyance . . ."

The release further stated that no dog or cat be allowed to go into or out of the quarantine area, except upon presentation of a written permit issued by the proper authorities.

Two Have Birthdays Once In Four Years

Although Richard McArdle, 275 Hillcrest drive, was four years old last Thursday, and had two cakes at his birthday party, he could have only one candle on each of his cakes.

Richard is one of those unfortunates who has a birthday but once every four years, because he was born on February 29.

Guests at Richard's party included Patsy, Bobbie and Junior McCune, Frank and Carol Ann Donofrio, Billie and Bobbie Hathaway, Phillip and Carol Ann Holmes, Wanda Mack, Myrna Ihrie, Caroline Bucker, Billie Craig, Thelma Burton, Nadine Gill and Richard's brother and sister, Walter and Linda.

Billy Brush, 199 Santa Cruz avenue, after waiting four years, celebrated his first birthday at a party, Thursday.

Bill is another of those people who, born on February 29, have a birthday but once every four years. Billy will have his twenty-first birthday when he is 84 years old.

Guests at the party were Grace Domenici, Carol Ann and Frank Donofrio, John Hooten, Shirley and Jean Selmi, Joyce Cullan, Richard Negherbon, Lola Mack and Raymond, Jimmie and Jackie Brush.

Italian School Sponsors Program

Plans for a huge entertainment sponsored by Doposcuoala Italiano "Vincenzo Gioberti," an after-school devoted to the study of Italian, were announced today.

The program will be presented, April 13, at Jefferson Union high school.

An outstanding array of grammar and high school talent has been promised for the affair by Dante P. Lembi, newly-appointed instructor of the Italian school.

Founded in Colma in the early days of this community, the Doposcuoala is the first school of its kind ever to be established in California. It is sponsored by a group of Colma civic leaders. During the past few weeks, enroll-

Creek Rages In Colma

Colma creek went on a rampage, from Collins avenue south, flooding basements, tearing down cement retaining walls and depositing mud and debris over several acres, last week.

The water started to rise during the storm, early Wednesday morning, when a willow tree was washed away from the bank near Collins avenue and floated down to the culvert in Cypress Lawn Memorial Park. Debris, piling against the tree at the mouth of the culvert, acted as a dam, causing the creek to rise over its banks.

At 5 a. m. the water in Mrs. A. Hollingsworth's basement was discovered to be nearly two feet

Whiskey And Gasoline Mix—At A Price

Whiskey and gasoline do not mix, as two San Francisco drivers learned to their sorrow, Friday, in Judge Wade H. Clay's court.

William Kaaret, 268 Lowell street, was fined $50 on a charge of drunken driving, while Joe McGinn, 695 Madrid street, was fined $50 with $25 suspended on a similar charge.

Reckless driving cost Marshall William Lampman, 160 Central avenue, $25. Two drivers, Sherman Russell Selix, 2817 Pierce street, and Carl Livingston jr., 2728 Union, each paid $15 for speeding.

Fines for disregarding signals were as follows: Robert Eldon Drake, 2571 Twenty-ninth avenue, $2.50; Claude E. Putman, Oakland, $1; William Paul Waldvogel, 57 Acacia, $2.50; Maurice Joseph O'Callaghan, 15 Burlwood drive, $2.50.

Flash: There will be special prizes, too.

Flash: The hunt will be open to all Daly City children free of charge.

Indians of Rhythm "Going To Town"

Lembi's Indians of Rhythm are still "going to town," giving top-notch performances and being invited to every corner of the Bay area.

Last week, the Cowboy band played at a garden party and dinner in Burlingame, sponsored by Ricci's Sport shop.

Saturday evening, the swingsters appeared at a Rebecca Lodge

Shoot Pictures Of D. C.

Daly City had its picture taken this week.

Working, playing, carrying on their multiple everyday affairs, local citizens found themselves suddenly confronted with the revealing camera lens of Dale A. Hovey, staff photographr for the new 1940 Directory, published by the Daly City Record.

More than one hundred pictures were shot to tell a quick and impressive story of this community. Scenes and activities were chosen to reveal the vivid, pulsating tale of local life—its recreation, its civic pride, its religion, its social relationships, its business endeavors, its love of home and children.

Taking for its theme, "Gateway to the Peninsula," advertising in the new directory already represents a large majority of the local business houses. Space and position are selling rapidly.

Bound in an attractive apple-green cover, the 1940 Directory will be distributed to every home in Daly City. Copies will be placed on Treasure Island for the 1940 Fair. Every new resident who moves into Daly City during the year will receive a copy. Directories will be sent upon request to

Microphone Artists In Double Triangle

Daly City's microphone artists, under the direction of the WPA Recreation department and instructed by Miss Marie Burton, have added a double triangle farce to their repertoire, as well as several fifteen-minute skits.

Arrangements are being completed to make recordings of the programs to help class members correct defects in their voices. Another recording, in a few months, will give the students a chance to note the differences and see how much progress they have made.

Jeff Hi Stresses Health

(Editorial Comment—Page 4)

Encouraging was the report this week that Jefferson Union high school is taking a very special interest in the physical health and strength of its students. This special interest is expressed in distributing surplus food products to underweight boys and girls.

Jefferson High School Principal James Ferguson's method of carrying on this program has four beneficial points.

1. Mid-morning meals and suplimentary food at lunch time is eliminating the undeweight standard of nearly 200 students.

2. Mental health and alertness of students is improved. Boys and girls are encouraged to keep themselves fit and maintain an optimistic and productive attitude. Even though the food is distributed free, the possibility of instilling inferiority complexes is entirely eliminated by Mr. Ferguson's refusal

D. C. Police Intercept Romance

Daly City police were called upon last week to intercept the romance of pretty Virginia Watson, 15-year-old Bakersfield high school student, and her 35-year-old husband, Harold Whitehouse, Idaho farm worker.

The pair told police that they had been married Monday in Reno, after which they had come to Daly City to visit at the home of the girl's brother-in-law and sister, Mr. and Mrs. Moberg, 6622 Mission street.

Moberg came to Daly City police headquarters a short time after Whitehouse and the girl arrived. He said his wife had received a letter from her mother in Bakersfield saying that a statewide police search had been started.

According to Police Chief A. L. Hilton, Moberg said Bakersfield authorities had a warrant for Whitehouse's arrest on a morals charge filed by the girl's father, W. S. Lamb.

Whitehouse said he met Miss Watson while he was working in Bakerfield and they had left there last Friday, hitch-hiked to Reno and were married.

After being held temporarily by local police, the couple were returned to Bakersfield.

Cermak Memorial

The Cermak Memorial plaque, in Bayfront park at Miami, bears the following inscription: "I'm glad it was me instead of you." Anton J. Cermak, mayor of Chicago—Born May 9, 1873, Kladno, Czecho-Slovakia—Died March 6, 1933, Miami, Fla. It was here February 15, 1933, that an attempt was made to assassinate Franklin Delano Roosevelt. This shot mortally wounded Anton J. Cermak who then uttered the immortal words quoted above. Dedicated March 6, 1939.

Guests Are Welcome

In all Mohammedan countries, hospitality is the strongest instinct, a tenet of religion even, and they have a pretty proverb which, being translated, runs: "A guest is a present from God."

H. G. King Receives Parchment Scroll

Harold W. Roberts, commemorative secretary Golden Gate International Exposition, this week sent a parchment scroll and participant's commemorative medal to H. G. King, chairman of Daly City Day at the fair, as a token of appreciation for his work in guiding the local 1939 celebration on Treasure Island.

Quite thrilled over the honor and recognition, King declared he was going to frame and save the scroll for a souvenir.

Local civic leaders are talking about sponsoring another day at the fair this year.

BUICK SOON TO LAUNCH CONSTRUCTION

Buick division of General Motors will shortly launch the construction of two new buildings with accompanying docks, and receiving and shipping facilities, as the initial step in a new program of plant renewal and expansion.

Immediate construction will include a new plant to house manufacture of axles, with the rearrangement of plant and equipment for the production of axle gears, and a large addition to the sheet metal plant providing for expanded facilities in this department, according to O. W. Young, general manufacturing manager.

From a design standpoint, the new axle building is exceptional in its provision of ideal working conditions. Unusual window area, providing light and ventilation from every exposure, will make it appear to be virtually a "glass building." By far the major portion of the exterior wall surfaces are devoted to windows. Its plans, developed by Albert Kahn, Inc., industrial architects, call for over 40,000 square feet of glass, with windows covering the main walls and the monitor section of the long roof.

All of the construction and rearrangement of plant and equipment will be carried on without interrupting Buick production, and, according to the management, this entire phase of the 1940 building program is expected to be completed by midyear.

Drum Corps To March St. Patrick's Day

Maybe it's just the Irish in them—or perhaps those smart little marching steps have won the hearts of the Irish lads.

Whatever it is, the Daly City Juvenile Drum Corps rated a special invitation this week to march in San Francisco's big St. Patrick's day parade, March 17. The letter was signed by the Associated Irish Societies of San Francisco.

Beginning at 9:15 a. m., from the corner of Market and Valencia, the parade will proceed to St. Peter's church, where a solemn high mass will be said.

All good Irish will turn out, according to the sponsors, and the fun will be unlimited. The general public also is invited to join the celebration.

After presents were opened, dinner was served. The table, decorated in pink- blue and white, featured large bowls of flowers of each color down the center. A huge white cake, with miniature bride and groom on top, formed the center-piece.

Guests were Mrs. Marie Nelson, mother of Nelson; Mrs. C. H. Bakkerud; Mrs. Bakkerud, Nelson's grandmother; Mrs. E. H. Ohlendorf, Mrs. E. Lucchesi, Mrs. L. Pini, Mrs. G. Vignali, Mrs. M. Tractor Romance

When Father's day rolls around next year a tractor on the farm of J. M. Templeton, near Colorado City, Texas, should not be forgotten. In fact, the tractor was almost a mother. A wren built her nest beneath the seat. Heat from the motor kept the eggs warm all day while the wren waited in a tree and took over the job at night. After the eggs were hatched the tractor was brought in at noon daily so the mother could feed her chirping offspring until the family was strong enough to fly away.

Six Weeks Song

When the carnival comes to Nice on the French Riviera, there is a charming custom of launching a new song whose melody is played daily by every orchestra and street band until everyone is whistling or humming it. When King Carnival dies, the song dies too, and the following season another takes its place.

Ladies Beware!

This message from the National Safety council is addressed to you unmarried women:

This is Leap Year, you know. But before you propose to the man of your dreams . . . consider among other things, the way he drives a car.

Now, wait a minute . . . before you laugh. It's true that prospective husbands usually are judged by other standards, but safe driving as a qualification is not as ridiculous as it sounds.

The safe driver is usually a careful and responsible person. His traits behind the wheel are reflected in all his activities. The reckless driver may be a reckless husband. Some day he will crack up, and his wife's happiness . . . if not her life . . . will smash with him.

Head of the *Class*— and *fit* to be Tried!

THERE are a lot of things about this stunning 1940 Buick to claim your attention — that is, if you really want to know what's what in motorcars.

For instance, you've got to admit that its style has done a lot to brighten up and beautify the boulevards.

And, from the way folks are swinging over to Buick, it must have something *value*-wise that's important for you to measure.

What you hear about its quick-off-the-mark engine and the silkiness it gets from balancing *after* assembly certainly calls for inquiry.

So do the rave notices BuiCoil Springing gets and the talk you hear about five-foot front seat room in the SUPER and its Foamtex cushions soft as a down puff.

But skipping this — even skipping the fact that Buick's prices are lower than some sixes — there's one thing that alone is enough to send you hot-footing to your Buick dealer.

That's the obvious fact that as Buick goes these days so goes the industry.

It set this year's pace last year — and right now it is plainly the car others will be like "some day."

So do the obvious thing. Go try out this superb traveler.

Even if you don't discover that Buick is an immediate "must," you'll decide you'll never be really happy till you have one.

Prices Begin at $895 for Business Coupe — Sedan prices start at $955 —

NOT Something for Nothing

See news story page 1

Regrettable is the fact that "Something for Nothing" programs have been allowed and are being allowed to find a place in the American way of doing things.

Millions of dollars are being distributed every year in direct relief—actually passing out checks and orders to **employable** unemployed. Several hot-shot promoters have capitalized on the trend and have gained tremendous followings on programs advocating free distribution of script and other media of exchange.

The Record whole-heartedly agrees with the declarations of intelligent leadership that these current programs of "Something for Nothing" have demoralized the social and spiritual fiber of America as no other thing has ever demoralized our country.

This trend has accumulated a group of people, Reliefers, who are encouraged to believe that society owes them a living. Unfortunate is the plight of reliefers. The efforts of every social, educational, and business interest should be organized and concentrated on a program to offer WORK, not relief, to the unemployed.

Jefferson Union high school, under the direction of Principal James Ferguson, is engaging in a program of distributing surplus foods and at the same time is steering clear of the demoralizing Reliefer pitfall. Underweight boys and girls are receiving mid-morning meals, and all students are offered supplementary lunch foods. Commendable is the program at Jefferson Union high school as compared to other schools in the state where students are segregated into relief and non-relief groups.

Under the set-up in many of these other schools, relief students are entitled to Surplus Commodity foods, and non-relief students are denied commodity foods.

Obviously bad is such a set-up because relief boys and girls are encouraged in the attitude of getting "Something for Nothing."

Students Debunk Food Myths

Does coffee really keep you awake? Students of the New York Institute of Dietetics say "no," after testing the matter thoroughly in the first of a series of investigations of popular food myths. Groups of students drank coffee, de-caffeinated coffee, milk or milk with caffeine added just before retiring—and found that, no matter what they drank, they slept as well as usual! Below, Nurse Johnson checks a student's sleep, and (insert) Alice Murphy records her reactions on awakening.

DESOTO DEALER REPORTS PEAK SALES

Peak sales for the past two months and a continuing increased demand for the big, new 1940 De Soto are reported by James E. Donahue, 6259 Mission street, local De Soto-Plymouth dealer.

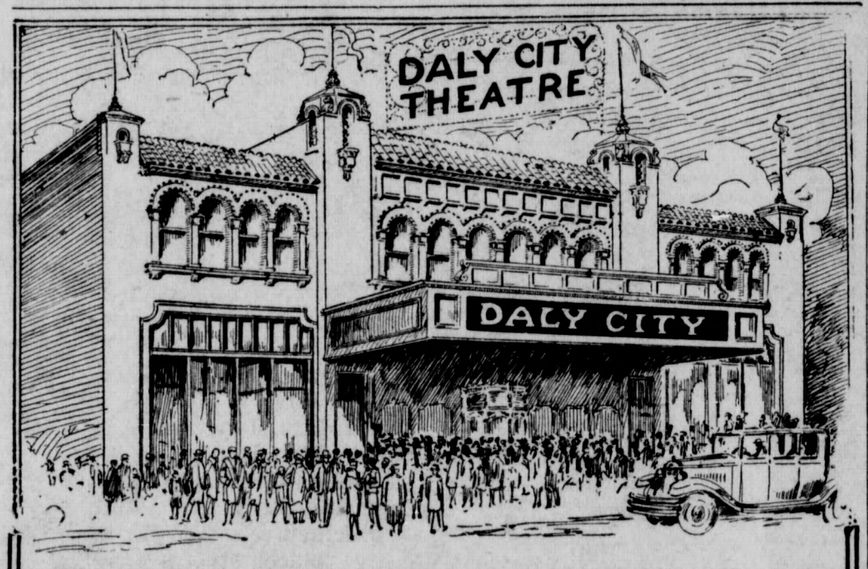

"Customers are greatly pleased," states Donahue, "with the advanced styling, increase in horsepower to 100, longer wheelbase of 122½ inches, new floating ride, roomier interior with more luxurious appointments and the new lower prices, $20 to $48 less than last year.

"Another feature that is making a big hit with 1940 De Soto owners," added Donahue, "is the economical operation of our '40 models. Despite the increase in horsepower, larger size and increased comfort, owners report greater mileage per gallon of gas.

"Particularly pleasing to buyers from the standpoint of appearance," Donahue continued, "is that De Soto for 1940 is truly refreshingly new from bumper to bumper."

Arbitrary Date Line

The International Date Line is an irregular line which is drawn somewhat arbitrarily on the map of the Pacific ocean, near the 180th meridian of longitude. This line marks the place where navigators "change their date" on the trans-Pacific voyage. The line is drawn on the map in a general north-and-south direction, separating the islands of the Pacific ocean in such a manner that all those in the east carry the same date as the United States, and those in the west the same date as Japan and Australia.

Soap Nut Tree

Soap nut, the fruit of a handsome tree found throughout India, has been used to wash woolen fabrics, silks and jewelry since ancient times, even in preference to soap. Scientists today have learned to extract the essential matter, saponin, from the nut for use in the manufacture of soapless shampoos, as a foam stabilizer, and as an emulsifying agent for vegetable and essential oils.

JEFFERSON UNION HIGH'S BASEBALL AGGREGATION LIMBERS UP

Biggs Releases Varsity League Schedule of Games

Jefferson Union high school's baseball aggregation has been limbering up for weeks now, with practice swinging, pitching, fielding and impromptu games, in preparation for the coming season.

According to the varsity league schedule released today by Coach Albert Biggs, the Jeffs will find themselves up against such teams as San Mateo J. C., Poly high and St. Ignatius. Regardless of how good the Jeffs are, this schedule will call for some concentrated playing.

In ten years of baseball, Jefferson has stood first, second and third in the PAL with the exception of last year. In 1939 they were down to sixth place, a slump caused by lack of pitchers.

Jeff standing this year, according to coach Biggs, depends largely on the development of a good pitcher. To overcome last year's weakness on the mound, Roy Giusti, who has a good record as an all-round player, is being groomed to face the competition's sluggers. On Giusti will fall a great share of the burden of keeping Jefferson near the top in 1940.

Behind the plate will be Manuel Huerta, who played for St. Vincent's last year and has proved his ability with the D. C. Juniors.

Short-stop will go either to Sarafino, Ragni or Bill Lekoff. While Ragni was the star of the Sophs last year, Lekoff made a good showing in this position in 1939. It's a toss-up which boy will be put on this hot spot of the infield.

Frank Currier will play first base, and if he develops as a heavy hitter, will prove a definite threat to competition. John Razzari again will cover second, a much improved player because of increased speed through other sports.

On third will be Bob Percival, who did a good job in this position in the last league. Left field will go to hard-hitting Herb Poddig, and another slugger, Lee Stephens, will cover right field. The center position will go to Ragni or Lekoff.

Under the keen and analytical eye of Coach Biggs are DeBono, Pezzolo, Valente, Arrighi, W. Chreisten, DeMartini, Nava, Sharp and Pensoneau, and while these boys are light for varsity baseball, there's no telling when one or more of them will show development of unusual talent.

Without any gradual working up by meeting weaker opponents, Jefferson will plunge into varsity competition by meeting San Mateo J. C., one of the Peninsula's better teams, March 25, on the Jefferson diamond. A fair estimate will be given then, just how Jefferson will stack up in 1940.

Cooking Lesson

Left at home to cook his supper while his wife was at the movies, a 28-year-old husband in Prague, Czecho-Slovakia, became so alarmed when the porridge boiled over and filled the kitchen with steam that he rushed to the theater, calling loudly for his mate. The attendants objected to this disturbance of the performance, but the frenzied man threatened them with violence if they interfered. Charged at the police court with disorderly conduct, he was bound over for 12 months.

Skaters To Stage Ice Carnival

Busily piecing together the parts of a colorful and unique picture this week are members of the San Francisco Skate and Ski club, who will stage a spectacular three-day ice carnival at Winterland commencing March 11.

The familiar and romantic story of Cinderella will be transposed to ice in the club's carnival. The prince, the king, queen, chamberlain, fairy Godmother and even the cat will skim about on flashing skate blades to depict the characters of the story.

Midnight rehearsals for the show are being held four times a week, after regular public sessions at the big ice rink. Costumes are now nearing completion and skating routines are already arranged, it was announced by George Stiles, jr., president of the Skate and Ski club.

The ice carnival will be open to the public and tickets are now on sale at Winterland and at Sherman Clay.

Concord Grapes

In 1840 some boys of Concord, Mass., gathered wild grapes in the nearby woods. On their way home they threw some of the seeds on the land of Ephraim Bull. Mr. Bull preserved one of the seedlings that sprang up, and when it fruited he planted its seeds. One of the second generation of plants proved superior to the others, so he preserved this, which became the parent of that variety of grapes. Thus the "Concord" grapes.

Jeff's Track Team Ready For New Season

With but two outstanding carryovers from 1939, Coach John Matthews is now whipping together Jefferson's track team for this season.

Men are being put through their paces for shot-put, broad jump, high jump and relay, in preparation for the first meet, which will be with Balboa, March 26, at Jefferson.

Horseshoe Club Keeps In Form For League Match

With an eye to the future, they have been entering tournaments and keeping in form for the time when there is a large enough court here on which to hold league matches.

Curly, captain of the local club, points out that many of the players do not find time to practice because of business and therefore some league scores are not very high.

Following is the season score:

Kansas City Shakeup

The shakeup of the Kansas City police department has really brought results. Cleanup has extended beyond crime and politics. Now Saturday night baths will be given the—well—here's the story from the beginning. A police captain strolling through a park noticed the fish pond was scummy and the gold fish were mighty dingy. He ordered the water changed and each fish washed every Saturday night in a salt solution to brighten it up a bit.

Mansion's End—

One of the show places of the Peninsula, the 25-acre Jean de St-Cyr property in Hillsborough and San Mateo, was sold this week for $200,000. Plans are already being prepared for subdividing the beautifully landscaped estate for development of an exclusive residential district.

The de St. Cyr mansion, which has more than 20 bedrooms alone, is lavishly furnished with costly works of art, tapestries, rugs and furniture, all of which have been collected since construction of the house during early California history. It is considered one of the rarest collections in the West.

War Casualties Listed

First casualties of the next war were the hens of Joe Mikulich, and he wants to know what the government is going to do in the way of reparations. While limbering up for Armageddon, if and when it comes, the field artillery of the California National Guard planted an explosive shell in Joe's chicken coop near San Pablo. There was heavy loss of life among the feathered noncombatants, and the survivors, suffering from shell shock, have not laid an egg since.

CROQUETTES are fine for Using Up Leftover Meat

says Dorothy Greig

SUGGESTIONS for croquettes should really be headed "How to make a cup or two of meat feed a whole family". For that's about what happens. The tag ends of roast, or the tail

Leftover lamb fashioned into cutlets and served on rice emerges as a delicious, hot main course

of the steak reposing in the refrigerator at first glance look none too productive of a main course for a hungry family.

But that meat can be chopped or ground and combined with other ingredients to make tender, crumb-rolled croquettes and cutlets. Well browned and smoking hot, with a vegetable or two they furnish a plentiful and savory main course.

For instance, these cutlets are made of cold leftover lamb:

Lamb Cutlets

1 can condensed cream of mushroom soup
2½ cups cooked lamb, ground
2 teaspoons lemon juice
1 tablespoon parsley, chopped

Dippings for Cutlets:

Flour
1 egg, slightly beaten
1 tablespoon water or milk
Fine crumbs

Empty a can of cream of mushroom soup into a saucepan. Stir until smooth, then heat. Add the ground lamb and mix well. Put in the lemon juice and chopped parsley at the end; then chill thoroughly. Shape into small cutlets (shaping so it resembles the meat portion of a rib chop). Then dip the cutlet in a mixture of flour and fine crumbs (½ flour and ½ crumbs), then in the egg mixed with the milk or water, and roll in fine crumbs. Fry in hot, deep fat (365°-385°F.) for 2-5 minutes, or until well-browned. Makes 6-8 cutlets.

Leftover ham croquettes are zestful, too, especially when they are as tender as these:

Ham and Egg Croquettes

1 can condensed cream of mushroom soup
6 hard-cooked eggs, chopped fine
1 teaspoon salt
½ teaspoon Worcestershire Sauce
½ teaspoon prepared mustard
1½ cups soft bread crumbs
1 cup ham, finely chopped

Combine the salt, Worcestershire sauce and prepared mustard with the chopped eggs. Heat the cream of mushroom soup and add the chopped eggs (with seasonings), soft bread crumbs and chopped ham. Heat and cook 4-5 minutes. Let cool for 2-3 hours. Mold into croquettes.

Breading for Croquettes:

Flour
Fine crumbs
1 egg, slightly beaten
2 tablespoons water

Dip the croquettes in a mixture of the flour and fine bread crumbs (½ flour and ½ crumbs), then in the egg mixed with milk or water, and roll in fine crumbs at the last. Fry in hot, deep fat (365°-385°F.) for 2-5 minutes or until golden brown. Makes 8 croquettes.

Smith-Navarro Wedding Solemnized Sunday

Miss Myrtle Smith, 167 San Diego avenue, was married Sunday afternoon, at Our Lady of Perpetual Help church, to Stephen Navarro, 163 Mangels street, San Francisco. Reverend Father Charles S. Geinger performed the ceremony.

She was attended by Miss Gladys Matucchi, Colma, maid of honor, who wore blue lace and net and carried a contrasting muff of pink hyacinths. The bridesmaids, Misses Rose and Lorraine Navarro, wore pink lace and net and carried blue hyacinths.

Dante Bondietti, Patterson, California, was best man, while Richard Navarro and John Naci were ushers.

After the ceremony, a reception was held at the home of the bride's mother, Mrs. Leona Smith, 167 San Diego avenue. More than seventy-five guests enjoyed the buffet supper.

Previous to the wedding the bridal party were entertained at a dinner given by Mr. and Mrs. Adolph Cabano, at their home at 24 Como avenue.

The couple left by motor for southern California immediately after the reception, and upon their return will make their home in San Francisco.

A graduate of Jefferson Union high school, Miss Smith was well known in Daly City.

Cottonmouth Moccasin

The cottonmouth moccasin is a dangerously poisonous snake generally of dark chestnut-brown with some darker barring and with yellowish-white stripes on the head and throat. The common name of this snake refers to the white lining of the mouth, which it is said to display before biting. Cottonmouths may attain a length of four feet. They are not aggressive and most cases of snake bite in which they are involved are due to the reptiles being stepped on.

Skeeter Cheater

After four years of experimenting, five scientists at Rutgers university, New Brunswick, N. J., have developed an insect repellent which they claim will protect the most susceptible skin from mosquito bites, says the Country Home magazine. One of the scientists tested the new product in a marsh, smearing half of his body with the product and leaving the other half untreated. He was bitten more than 5,000 times on the untreated skin, while insects carefully avoided the treated portion.

Polite Crime

There's nothing like an apology to soothe an injury—except possibly this one. Rubin Harvey was accosted by a stranger on a Little Rock, Ark., street who slashed him several times with a knife. Suddenly the assailant stepped back in apologetic surprise, remarked, "Excuse me, I thought you were someone else."

Boris Karloff In Grim Drama Of 15th Century

One man at least remains unhorrified by the shuddery shadows Boris Karloff has brought to the screen during his 20 years in pictures.

That hard-shelled holdout is Karloff himself.

Boris is, however, reported to have succumbed to the teeth-chattering potentialities of his latest role, that of "Mord," the executioner, in Universal's "Tower of London." The fifteenth century drama will open tomorrow at the Daly City theatre, with Karloff acting as chief ally of Richard III, a part played by Basil Rathbone.

Mord is more than monster, and the comparative simplicity of the make-up is a factor which leads Karloff to believe that the characterization might be his most effective.

"Instead of a more or less mechanical monster, Mord is definitely a human being for all his dire deeds," Karloff stated during filming.

"I believe that humans can be made to, and do, fear other humans more than they do a beast, mechanism or other 'outside' threat," Karloff continued. "Mord was more than a powerful brute of a man who delighted in torture and in wielding the executioner's ax. He was a symbol of the system born of the Dark Ages, that held thousands in terror."

Companion feature on the new bill is "The Flying Deuces," starring Laurel and Hardy and Jean Parker.

House Fly Massacre

deep. Many valuable antiques and heirlooms stored in the Hollingsworth basement were ruined.

The basements of the homes of Mr. and Mrs. Hayden Emerson, Mr. and Mrs. Paul Delucchi, Mr. and Mrs. Aveggio and Mrs. Jean Borccio were also flooded, causing heavy losses.

In the Cypress Lawn grounds, a hundred and fifty feet of cement retaining wall on the bank of the creek was undermined and collapsed. The swirling torrent washed the bank away, widening it as much as fifteen feet where the retaining wall collapsed.

The iron trellis covering the creek was damaged for two hundred feet. While the earth around the foundations of the houses on the north side of the street was washed away. No appreciable damage was done there.
